

Join the Full HD Revolution with **New Scarlet** LCD TV

LG 32LH70 Television

32" Full HD 1080p, 100 Hz True Motion with Bluetooth LCD TV

Full HD 1080p performance, a robust feature set, and energy savings make this series of LCD TVs a standout. The LH70 features a Slim TV with Bluetooth, 100Hz True Motion IPS panel, Intelligent Sensor, and LG's Core Technologies—while letting you choose the features to perfectly fit your needs, like 3x or 4x HDMI™, a range of screen sizes, and a USB port

Bluetooth

Link up mobile phone pictures, music and more to your TV with Bluetooth. Bluetooth technology opens up a world unbound by wires. Can you immediately send the picture you just took with your mobile phone to your TV? With the LG Bluetooth functions, yes you can. LG TVs with Bluetooth function allows greater compatibility with mobile phones, headsets, notebooks and your PC.

TruMotion 120Hz

LG TruMotion 120Hz is the best solution, which you can be immersed in the optimized picture which is eliminated motion blur.

Clear Voice II

Automatically enhances and amplifies the sound of the human voice frequency range to help keep dialogue audible when background noise swells.

Perfect Slim 1.6 Inch (42")

AV Mode

LG achieves remarkably perfect slim on all-around TV, which can fit it to any stylish design.

LG HDTVs include 3 AV Modes, preset to optimize picture and sound settings based on Cinema,

Sports or Game content. AV Modes can be easily set with a convenient button on the remote Control.

Invisible Speaker System

Fine tuned by renowned audio expert Mr. Mark Levinson, LG TVs utilize a unique speaker system that delivers a clean, polished look and enhanced audio with a wider sound field
