

Smart energy saving with Divx

LG 32LH35 Television

32" Full HD LCD TV

Full HD 1080p performance, a robust feature set, and energy savings make this series of LCD TVs a standout. The LH35 features a IPS panel, Intelligent Sensor, Divx(USB 2.0) and LG's Core Technologies—while letting you choose the features to perfectly fit your needs, like 3x or 4x HDMI™, a range of screen sizes

Full HD 1080p

LG Full HD TV excels the picture quality and sharpness of the original HD TV technology, delivering image resolution (1920x1080).

AV Mode

LG HDTVs include 3 AV Modes, preset to optimize picture and sound settings based on Cinema, Sports or Game content. AV Modes can be easily set with a convenient button on the remote Control.

Invisible Speaker System

Fine tuned by renowned audio expert Mr. Mark Levinson, LG TVs utilize a unique speaker system that delivers a clean, polished look and enhanced audio with a wider sound field.

IN-SPEAKER

Smart Energy Saving Plus

The Backlight control function controls the brightness of the TV, while the Screen off function lets you switch off the screen while keeping the sound or music alive. Stand by Mode 0 function sets your TV to a power saving mode where zero electricity is used. Added to these 3 basic power saving functions is the Intelligent

Sensor function that controls automatically the brightness and the color of the picture in accordance with the brightness and the color of the viewing area as well as saves energy.

Clear Voice II

Automatically enhances and amplifies the sound of the human voice frequency range to help keep dialogue audible when background noise swells
